

UNVERIFIED Having an increasing feeling of the danger to be within the ever more powerful establishments, the documenting subject not only is a partisan of the rising of neo-feudalism but he is mostly on of few trying to show that fully functioning alternatives are possible.

ENFORCED The documenting subject alternates long periods of lethargy in which he gives his female love to his project and kids with intense periods of hard and almost heroic work.

UNDERSTANDING By constantly distancing himself and the returning to one environment the documenting subject is able to gain a much more thorough insight on both its nature as well as his nature in relation to it.

CYCLING The documenting subject with his project has experienced a full natural cycle from developing to maturing fruits and distributing them.

LABOURIOUS Rather than mingling with sophisticated outcomes the documenting subject simply put all his effort and dedication presenting to others his raw operation.

LOVING It is as the documenting subject was born to take care of living things but not been provided with a physical domain to do so from the beginning he has done so spiritually.

FORGOTTEN The documenting subject has correctly associated himself to all these outsider folk dying unknown. After a moment of fame and several possibilities of a great career he has opted to fully focus on his life endeavour in order to make it even more relevant and profound.

RETREATING The documenting subject feels like an army conquering new territories but at some point in need to go back in order not to loose all its enthusiasms.
