

SAVING Both the documenting subject's finances but also his physical energies are pretty much all saved up for the final execution of his project. In this respect his work as a mother attending his children really suits him.

EXTRAORDINARY The documenting subject is easily labeled as an autodidact and yet having a method and adhering to it over time and space he was able to create a super alternative consciousness of our human condition now in peril for either those humans blinded by standardized methods or for those really autodidacts dwelling in the ignorance of having no method.

PROLIFIC The documenting subject has discovered that by being unwanted and unofficial he becomes more dedicated and prolific within his own undertaking.

SPARED Throughout the course of his undertaking the documenting subject has experienced several blind faiths hitting society. Rather than embracing any of it his very project has allowed him to keep his feet on the ground.

PREPARING The documenting subject has understood that his task has become that of preparing himself but also others for death and this is how time is made valuable rather than wasting worrying about death.

NURSING The documenting subject acts like a shepherd taking care of his small sheep without any aid but making himself the full effort to turn the independent and sharp enough to face the many wolves in life.

MISJUDGED While feeling content about taking care of his nature the documenting subject may be easily exchanged for a man greedy to collect data enhancing a surveillance capitalism he is by far not contributing to in fact providing humanity the manual bricolage alternative.

SACRED The documenting subject has always a tendency to undertake the outcome of his project as some primordial constructions linking him to his Celtic and Inca heritage.
